

Nevada / Fallon

## Happy Place Trail

DISTANCE: 3 miles

ELEVATION GAIN: 350 feet

ROUTE TYPE: Loop

This trail is located just southeast of Grimes Point off Macari Lane. Make first left onto Pit Road. It's a great trail with awesome views handmade by a Fallon resident. It is not difficult. It is a single track trail. Please stay on the trail.

Not a bad trail for here in Fallon. This is and would be an awesome mountain biking trail, but for hiking, I will keep this a one and done. Real easy though.

Happy Place trail is definitely a happy trail. Yesterday was a perfect day to hike it. The views are endless. And when the navy base jets are flying you have a perfect view of the runway!!
